Recline in the deep contours of the 730L and experience all that the Crossover has to offer. This 5-6 person hot tub with a full-body lounge has 30 stainless steel jets that target shoulders, back muscles and feet for a massaging hydrotherapy experience. Enjoy the Everlast Trueform comfort pillow headrests to enhance your relaxation. For entertaining or unwinding, the Fountain Waterfall with Back-lit LED Light and 8 exterior cabinet lights allow you to set the perfect mood.

The durable, lightweight spa comes in seven colour combinations of Syncrylic™ diamond body colours with complementary cabinet panels and trim, to blend beautifully into any outdoor or patio environment. Syncrylic™ is proprietary formula designed to be lighter and more durable than standard acrylic. Syncrylic™ was created to offer the best of both worlds, having the beautiful appearance of acrylic while maintaining the tough, impact-resistant qualities of polyethylene.

Select the perfect temperature, jet speed and lighting scheme using the Digital Controls. The spa is powered by a 3 HPR two-speed pump and plugs into a standard 120V 15amp outlet. The Weather Shield Deluxe Super Seal Cover fits into a deep recessed interlock cover channel to seal in heat, keep out debris and protect your spa for peace of mind. Each spa comes with cover seal strap latch clamps for extra security. Come home to the elegant Crossover 730L, the ultimate for relaxation, entertainment and family fun.

Additional Information

The Crossover 730L from Dream Maker Spas is the next generation of affordable luxury spas that rivals the look and functionality of acrylic spas at a fraction of the price. This 354 gallon/1340 litre model measures 80" x 80" x 36" (203cm x 203cm x 92cm). The spa's portable, lightweight design and plug and play setup make moving and using it easy.

Advanced HDPE materials and unibody construction mean the spa is virtually indestructible and also recyclable
